Dear Mr Sweeney

**The Waste Electrical and Electronic Equipment Regulations 2013 (as amended)  
Notification of grant of approval of an exporter**

We have considered your application for approval as an exporter (AE) under the Waste Electrical and Electronic Equipment Regulations 2013 (as amended) and hereby grant approval to Regenthill Ltd to operate as an AE. Your approval number is **WEE/FH0006ZT/EXP** and covers the specified overseas sites listed in the attached annex.

Your approval is subject to the conditions of approval specified in Part 3 of Schedule 11 to the Regulations. A copy of these conditions is attached.

Your approval is valid from 1 January 2015 and ends on 31 December 2015, unless it is otherwise suspended or cancelled. The approval applies only to the named exporter for the specified overseas sites.

This approval applies only to the legal entity named in this letter. If this changes then your approval will be deemed to be cancelled and you must make a new application for approval. If you cease to be an exporter your approval will also be deemed to be cancelled.

You must notify us immediately, in writing, of any changes to the details submitted with your application. If you wish to export to any additional overseas sites you must submit an application to extend your approval to cover these sites, including a fee of £110 for each site.

The approval allows you to issue evidence notes for waste electrical and electronic equipment (WEEE) which you export to these specified overseas sites and which is subsequently re-used. You must not issue evidence for WEEE that has already been partially treated.

If you issue evidence notes for greater than 400 tonnes of WEEE you must inform us immediately and you will be liable to pay the balance of the charge, namely £2070, from that date.

This approval does not replace any other environmental authorisation(s) that you may have for the site. You must continue to comply with these and other relevant legislation.
